

WATER SOFTENER ADVANTAGES WHAT YOU SHOULD KNOW

Hard Water Can Cause Discomfort

Hard water can leave your **hair dry** and skin feeling **itchy and flakey**. It causes **mineral buildup** on pipes, showerheads, and faucets **decreasing the efficiency** and lifetime of **appliances and plumbing**.

Consider a Water Softener When You Notice:

DRY HAIR

APPLIANCE
INEFFICIENCY

ITCHY SKIN

DISH SPOTS

PIPE BUILD-UP
