H.B. McClure Company Acquires Henry Mechanical, Inc.  
*Lancaster, Pa-based company enhances H.B.'s offering, extends service area*

HARRISBURG, PA, October 30, 2013 – [H.B. McClure Company](#), central Pennsylvania's oldest and most diverse commercial and residential mechanical contractor, acquired the assets of Henry Mechanical Inc., a Lancaster, PA-based commercial refrigeration and HVAC service company. The acquisition was effective October 25, 2013.

H.B. McClure Company will operate under the Henry Mechanical name and will continue to work with founder Brian Henry as commercial service client manager. The addition of Henry Mechanical not only expands H.B. McClure's ability to service customers in Lancaster and Chester Counties, but increases service-related revenues by more than \$7 million (2013/2014 projected).

"We selected H.B. McClure as our acquiring entity because of their strong reputation as a leading mechanical contractor in the region and because of their culture to deliver superior customer service. This is a perfect fit with our culture," said Christi Henry, president. "Henry Mechanical had reached the point where growth within our current structure had been challenging. Acquisition by another company allowed us to maintain our committed workload and pursue other opportunities."

H.B. McClure Company has been seeking to increase its commercial service department as well as expand its commercial refrigeration offering. The company also seeks to provide additional employment opportunities for members of the growing H.B. McClure team. The company became an ESOP in 2010 and routinely seeks not only to offer growth opportunities to its employee/owners but provide a work place that attracts motivated, customer-centric team members.

“H.B. McClure strives to deliver top-quality service to both its commercial and residential customers,” said Bob Whalen, president. “But we also want to be known as a place where employees can grow and learn new skills while doing great work. The Henry Mechanical acquisition furthers that goal for our company.”

H.B. McClure provides heating/cooling installation and service, plumbing service, duct cleaning, propane and oil delivery, and more to homeowners and businesses throughout central PA, including, but not limited to, Camp Hill, Carlisle, Dillsburg, Enola, Harrisburg, Hershey, Hummelstown, Mechanicsburg, Middletown, New Cumberland, and York.
