

# True Planned Preventive Maintenance

CONTROL COSTS.  
GET MORE FROM YOUR EQUIPMENT.

HB McClure's true planned preventive maintenance follows a year-round plan that blends proactive maintenance and troubleshooting. The result is maximum equipment life and reliable uptime at a significantly reduced cost.

#### **True Planned Preventive Maintenance includes:**

- Yearly plan and advance schedule
- Repair tracking
- Remote field service capabilities
- Customer priority
- Guaranteed emergency response

#### **Equipment Benefits:**

- Maximized life
- Increased efficiency, reduced energy use
- Improved reliability and uptime
- Lower overall operating costs
- Predictive repairs

#### **Proactive Cost Containment:**

- Budget maintenance annually
- Payment schedule options
- Lower labor costs
- Reduced parts rates
- Fewer premature replacements and emergency calls

#### **Your HB McClure Team:**

- Central service coordinator
- Account management and technical advisors
- Consistent team of industry-specific technicians
- Technicians equipped for any job
